TCC_ADMIN - 'Practice Classroom' - Tegrity Welcome

A screenshot of the Tegrity classroom interface. The main content area displays a 'Tegrity Course Recordings' section with the Tegrity logo, a 'Course Announcements' section, and a 'My iTunes U Courses' section. A sidebar on the left contains navigation options like 'Learn', 'Practice', and 'Communicate'. The interface is designed to provide a structured learning environment with various tools and resources.

LMS RFP

ANGEL is the learning management system (LMS) used by the majority of the colleges in the Washington community and technical college system. ANGEL is a commercial product that has been acquired by Blackboard, a large LMS provider. Blackboard has announced an end of life for ANGEL in June of 2014. A request for proposals (RFP) for an LMS to replace ANGEL

Welcome!

The Open Course Library is a collection of expertly developed educational materials – including textbooks, syllabi, course activities, readings, and assessments – for 81 high-enrollment college courses. 42 courses have been completed so far, providing faculty with a high-quality option that will cost students no more than \$30 per course.

Our goals:

1. Lower textbook costs for students
2. Improve course completion rates
3. Provide new resources for faculty

Phase 1 Courses

Our 42 phase 1 courses are [now available](#). All course materials are shared under a [Creative Commons \(CC-BY\) license](#) unless otherwise noted. If you have adopted an Open Course Library course please fill out the [Adoption Form](#).

Credit: Timothy Valentine & Leo Reynolds CC-BY-NC-SA

Phase 2 Development

Phase 2 grants are currently being reviewed for our next [39 phase 2 courses](#). Development will begin January 2012.
